Petition to Make Special under 37 CFR 1.102

Commissioner for Patents
P.O. Box 1450, Alexandria,
VA 22313-1450.

The applicant respectfully submits a petition to make an application special based on the state of health of the applicant. The applicant respectively provided the medical report shows that the applicant has heart disease. The applicant is worried that he might not be available to assist in the prosecution of the application if it were to run its normal course.

The applicant's medical report is enclosed in "Attachment 1" consisting of 6 pages, together with an English translation, in a sealed envelop with a Transmittal Cover. The personal/medical information submitted as evidence is not become part of the application file record and is submitted pursuant to MPEP § 724.02.

Please accept the above document and your favorable decision for the petition to make special is appreciated. Thank you for your assistance.

Respectfully submitted,

Raymond Y. Chan

Petition Request

Honorable Commissioner of the United States Patent and Trademark Office:

Owing to my suffering of serious heart disease, my health conditions is getting worse. I also do not know the examination status of my patent applications Net Transferor Apparatus (See Note 1) and Serial bean products having multi-flavor, multi-variety and rich nutrition (See Note 2), and I wish to know the examination results so that I can be able to stay calm to and concentrate on my treatment. Thank you!

Enclosures: Medical records from the hospital

Thank you for your kind assistance.
